

COVID-19 Vendor Protocol

CAT takes the health and safety of our employees, vendors and customers very seriously. With the spread of COVID-19, we all must remain vigilant in mitigating the outbreak. The following rules have been implemented to protect the health and safety of those at our facilities.

All vendors are required to follow the procedures outlined below.

- All vendors will have their temperatures taken and will be asked health screening questions before they are allowed to enter the site.
- All vendors are discouraged from engaging in handshakes or other physical contact.
- All vendors will be required to wear face coverings.
- All vendors must maintain appropriate social distancing (minimum 6 feet separation) while at the facilities to the maximum extent possible.
- All vendors must comply with social distancing indicators including taped off and closed areas as well as occupancy sign limits.
- All vendors are required to follow all posted signage throughout the site. The signage includes reminders to both employees, vendors, and customers to adhere to proper hygiene and social distancing rules, cleaning and disinfecting protocols, instructions to employees to stay home if sick/experiencing symptoms and appropriate use of face coverings and PPE.

If you have any questions about this policy or other COVID-19 related matter, please contact Steve Boatright, Director of Maintenance, at 912-629-3921 or steve.boatright@catchacat.org
